

GuildLink System Requirements

September-2011

GuildLink is a Microsoft Dot Net 3.5 Windows Forms application. The requirements may change with time but generally they are fairly light by most modern standards. Any PC purchased in the past 2 years should be more than adequate. GuildLink requires both Dot Net 3.5 and SQL Server Express 2005 (or Greater).

You will need to have Microsoft Dot Net Runtime 3.5 installed, in order to install and use GuildLink. This is already on your PC if you run Windows 7 or Vista and comes as part of Windows XP service Pack 3.

System Requirements

- **Supported Operating Systems:** Windows 7 (Recommended); Windows Vista; Windows XP
- **Processor:** 1GHz processor or greater
- **RAM:1024** MB (Minimum); 2048 MB (Recommended)
- **Hard Disk:** Up to 500 MB of available space may be required
- **CD or DVD Drive:** Not required
- **Display:** 1024 x 768 high color, 32-bit (Minimum)
- **Mouse:** Or other pointing device
